Trinity Institute 2018: Values in Action

February 2-3, 2018

We all want to create a better world—and that requires action and connection. Discerning shared values is crucial to forming powerful partnerships and moving forward with courageous intention. Explore how you and your community can set a collaborative course at Values in Action, a Trinity Institute conference designed to help you get grounded and connected so you can get going.

This year's conference features leading activists, theologians, authors, and experts on how to integrate core values into strategic and effective action, including the Most Rev. Michael Curry, Presiding Bishop of the Episcopal Church; Michelle Alexander, author of *The New Jim Crow: Mass Incarceration in the Age of Colorblindness*, and Pádraig Ó Tuama, poet, theologian, and mediator.

Learn how to use the power of community to form strategic alliances. Because once we've found connections at the deepest level of our values, we can make progress beyond belief.
